

Distinctively designed office lighting.

2024 Contract Lighting

Creating comfortable and stimulating working environments.

Luxo Contract Lighting • New York, USA

Exclusive North American Distributor of Luxo Contract Lighting

ERGONOMIC • ENERGY EFFICIENT • STYLISH

Ahead of its time . . . Luxo's history of lighting for the individual began with the development of the L-1 task light by Jac Jacobsen in 1937. The freedom of movement and the ability to place light exactly where needed forever changed our working environments. Ergonomic workplace lighting became a Luxo trademark providing what we call "the right light".

L-1 LED

Designer: Jac Jacobsen

The world's original architect lamp is an all-time classic and features an LED lightsource. With its timeless design and auto shut-off features, L-1 LED is fully adaptable wherever energy-efficiency, versatility and quality are sought.

- Edge clamp (optional table base)
- Energy efficient LED / auto shut-off / dimmable
- Freedom of movement places the light exactly where needed
- Comes in silver grey, black, or white; custom colors available

Trace

Designers: Oskar Daniel & Emil Marklund

A compact LED task light with excellent light output and minimalistic design, Trace's slimline arm carries a distinct softened square lamp head. In spite of its compact size, it has a presence sure to complement the modern office.

- Asymmetrical light distribution
- Energy efficient LED / auto shut-off / dimmable
- Integrated USB port (optional USB charger)
- Comes in black or white; custom colors available

Ninety

Designer: Shawn K. Littrell

A sleek design with bright, warm light and superb color rendering make the Ninety an exceptional choice for any modern office environment.

- Asymmetrical light distribution
- Energy efficient LED / auto shut-off / dimmable
- Excellent range of motion
- Optional USB port table/desk base available
- Comes in black or white; custom colors available

Motus Mini

Designers: Hans Bleken Rud & Andreas Murray

With its streamlined design, Motus Mini sets the new standard for task lighting in smaller areas. Leading-edge technology combined with superior ergonomics are all built in.

- Dim to warm technology allows users to set the mood
- Energy efficient / auto shut-off / dimmable
- Effortlessly direct the light with three-point shade maneuverability

Motus Table

Designers: Hans Bleken Rud & Andreas Murray

Motus Table sets the new benchmark for task lighting with leading-edge technology and ergonomics — all with Luxo's signature distinctive high design from Scandinavia.

- Dim to warm technology allows users to set the mood
- Energy efficient / auto shut-off / dimmable
- Effortlessly direct the light with three-point shade maneuverability
- Choose from standard base, edge clamp, surface mount, or inductive base for charging smart phones.
- Comes in white or black; NEW custom Scandinavian colors available

Motus Flat

Designers: Hans Bleken Rud & Andreas Murray

Sleek and elegant, Motus Flat sets the new benchmark for task lighting with leading-edge technology and ergonomics — all with Luxo's signature distinctive high design from Scandinavia.

- Asymmetrical light distribution
- Energy efficient / auto shut-off / dimmable
- Effortlessly direct the light with three-point shade maneuverability
- Tunable white technology allows users to set the mood
- Choose from standard base, edge clamp, surface mount, or inductive base for charging smart phones
- Comes in white or black; NEW custom Scandinavian colors available
